#### Preparation of pdf express file

It is recommended to submit the source file (word or Latex format) in pdf eXpress and get it converted to pdf format by the pdf express. After receiving the converted copy from PDF eXpress as an email, submit it to pdf express site to check compatibility. Once you receive an email with subject "IEEE PDF eXpress: File has passed PDF Check (Paper ID XXXXXX)", forward the email with attachment to **Conference Operations email id- [conf2019@mec.edu.om](mailto:conf2019@mec.edu.om)** with cc to [sujin@mec.edu.om](mailto:sujin@mec.edu.om) and [sumesh@mec.edu.om](mailto:sumesh@mec.edu.om). **Mention the conference paper ID in the subject.**

**IMPORTANT:** Any changes made to a PDF after IEEE PDF eXpress conversion or PDF Checking may invalidate *Xplore* compatibility. This includes headers, page numbers, copyright notice, watermarks, etc. **If any of these elements are desired, they should be added to the document before a PDF is created.**

## **Copy right**

IEEE policy requires that prior to publication all authors or their employers must transfer to the IEEE in writing any copyright they hold for their individual papers. Transferring copyright is a necessary requirement for publication, except for material in the public domain or which is reprinted with permission from a previously published, copyrighted publication.

Upon transferring copyright to IEEE, authors and/or their companies have the right to post their IEEE-copyrighted material on their own servers without permission, provided that the server displays a prominent notice alerting readers to their obligations with respect to copyrighted material and that the posted work includes an IEEE copyright notice.

Authors are particularly encouraged to note the "Author Responsibilities" section of the IEEE Copyright Form, in which portions of IEEE PSPB Operations Manual, section 8.1.1.B (concerning statements in work published by IEEE are the expression of the authors) appear.

Author ( one corresponding author only) will be receiving Email with links and credentials to access their eCFs (Electronic copyright form), from IEEE. Please complete the process before submitting the final camera ready pdf express compatible files. Failing to complete the eCF copyright form will lead to omission of the paper from publishing in IEEE xplore.

Note: The submission is subject to plagiarism policy of IEEE.
